

Please do not overturn the NJ Do Not Call List. Before I signed up for it, I was receiving many invasive and repeated phone calls from several telemarketing companies both on my home phone and on my cell phone. I had to pay for the minutes these calls used on my cell phone, even though I repeatedly asked the companies not to call me. Since signing up for the Do Not Call List, I have only occasionally received unsolicited phone calls, and the callers have been respectful when I tell them that I am on the Do Not Call list. I do not make a living going into people's houses uninvited, and I don't want other people making their living coming into my house uninvited....even via the telephone. I own my home, it is a private residence..."private" being the operative word.

Thank you for your time and consideration,  
Meredith A. McCabe, M.A.
